Academic Advising and Faculty Mentoring – Sustainable Plant Systems majors

Sustainable Plant Systems and Environmental Sciences Academic Advising
Kathleen Landeen,  
SWES Senior Academic Advisor II
Office: 424 Shantz Bldg.
Email: klandeen@email.arizona.edu
Phone: (520) 621-1606

Kathleen can assist students in the Sustainable Plant Systems major with:

- Approving the student's academic program of study
- Clarifying program requirements, policies and procedures
- Assisting students in identifying appropriate institutional resources
- Facilitating relationships between the student and other individuals on campus who may provide assistance
- Collaborating to assist the student in developing meaningful educational goals that are consistent with personal interests, values and abilities.

Contact Kathleen if you would like to declare a major or minor; create a program of study, plan your schedule, prepare for graduation, or help with general administrative guidance.
